Ms. Gayl Fowler of SAIF Water Wells, Inc. appeared at the Board meeting and addressed the Board concerning the maintenance and the repair of shallow water wells. The Board, while empathic to Ms. Fowler's concerns, stated that the law is explicit in identifying that drilling, installation, maintenance, or repair to water wells or water well systems are to be performed by a certified water well systems provider.

Gayl Fowler

The Board approved 22 educational providers/courses that had been reviewed by The Committee. This is a significant number to add to the list and includes three additional online courses. The addition of those online courses means that all of the trade-related disciplines now have the online option available.

Contractor Education				
-------------------------	--	--	--	--

Upon a motion by **Mr. Kirby** and seconded by **Mr. Walton** and approved unanimously, the Board adopted the following policy regarding the publication of contact information for education providers on the DPOR website:

The Board will publish the name, address, telephone number, email address and website information of all approved providers unless the provider wishes to opt out in which case only the name and address will be published along with a disclaimer that the provider is not currently accepting contacts.

Upon a motion by **Mr. Kirby** and seconded by **Mr. Walton**, and approved unanimously, the Board adopted the following policy regarding contractors with the Landscape Services (LSC) specialty:

A landscape service contractor may install decorative fountains but must subcontract trade-related work to an appropriately licensed contractor. They may also construct steps that are part of a landscape project but not those that serve as ingress or egress to a structure.

Upon a motion by **Mr. Kirby** and seconded by **Mr. Walton**, and approved unanimously, the Board adopted the following policy regarding when a residential contract is needed:

In situations involving houses built on speculation. If the house is purchased or if a contract to purchase the home is made prior to the issuance of the final certificate of occupancy, then the contractor must use a contract that contains all of the provisions set forth in *18 VAC 50-22-260 B 9* of the regulations. If the house is purchased after a final certificate of occupancy is issued, then it becomes a real estate transaction and no residential construction contract is required.

The Board reviewed several suggestions for changes to the regulations and directed staff to hold them for The Committee to review during the next regulatory review cycle, scheduled for the April or June meetings.

There was no new business.

New Business

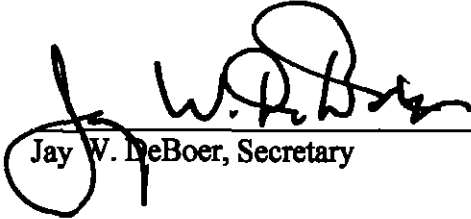

Their being no further business to come before the board, the meeting was adjourned at 12:20 P.M. upon a motion by Mr. Kirby and seconded by Ms. Wood. **The motion passed by unanimous vote. Members voting yes were: Cronin, Hart, Miller, Kinser, Kirby, Rackas Pate, Redifer, Smith, Tomlin, Walton and Wood.**

Adjournment

Modisett was absent.
